Attached please find a slightly revised letter. While the initial letter clearly expressed the intent for CARB to withdraw the indicated SIP submission we have modified it to make the request specifically. Subject: RE: Withdrawal of SIP Submission, MDAQMD Rule 1320

Dear Ms. Nowak,

My apologies for misstating the status of the rule since it has not yet been approved into the SIP by U.S. EPA and it is still under consideration.

Regardless, yes, letters from districts usually contain language expressing that the rule is being considered for inclusion in the SIP, or that EPA has not yet taken action on the SIP submittal, and that the district requests that CARB forward to EPA the district's request to withdraw the rule from consideration for SIP inclusion.

Please confirm that the District wants CARB to request that U.S. EPA withdraw Mojave Desert AQMD Rule 1320, *New Source Review for Toxic Air Contaminants*, from SIP consideration.

Thank you.

Sincerely,
Stephanie

Really? 1320 is not currently in the SIP so it only needs to be withdrawn as a SIP submittal...not as a SIP rule.

Dear Ms. Nowak,

Please add language to the body of the cover letter to request that Rule 1320 be withdrawn from the SIP and resend it to me.

I conferred with our legal team regarding this.

Thank you.

Stephanie

Ms. Sutkus:

Attached please find a letter requesting the withdrawal of MDAQMD Rule 1320 from consideration as a SIP submission. This withdrawal is based upon the attached E-mail thread which memorializes discussions on the matter between the MDAQMD, CARB and USEPA. A hard copy original will follow under separate cover for your records, however no hard copy cc's will be sent.

If you have any questions or concerns please feel free to contact me.
